Steven F. Alder (00033) Assistant Utah Attorney General 1594 West North Temple St. #300 Salt Lake City, Utah 84118 Telephone 801 538 5348

NOV 3 0 2010

SECRETARY, BOARD OF OIL. GAS & MINING

## BEFORE THE BOARD OF OIL, GAS, AND MINING DEPARTMENT OF NATURAL RESOURCES STATE OF UTAH

:

:

IN THE MATTER OF THE APPLICATION OF WESTWATER FARMS, LLC FOR ADMINISRATIVE APPROVAL OF THE HARLEY DOME 1 SWD WELL LOCATED IN SECTION 10, TOWNSHIP 19 SOUTH, RANGE 25 EAST, S.L.M., GRAND COUNTY, UTA, AS A CLASS II INJECTIONS WELL

DIVISION'S OBJECTIONS TO REQUEST FOR CONTINUANCE

Docket No. 2010-029

Cause No. UIC -358.1

The Utah Division of Oil, Gas and Mining (the "**Division**") submits its Objections to the Motion to Continue Hearing filed on behalf of Living Rivers together with its Notice of Appearance of Counsel.

The Division notes that this application for approval of the class II injection well was filed for administrative review in August and that notice was published in Moab Times-Independent newspaper on August 26, 2010, and that objections were filed by Living Rivers on September 3, 2010. As a consequence of filed objections, the matter was referred to the Board for approval as required by Utah Admin. Code rule R64905-3(4). The Request for Agency Action was filed with the Board on October 18, 2010 and has been noticed and set for hearing on December 8, 2010 according to the Board's rules. Living Rivers has had access to the application and information filed with the application since at least September 3, 2010, and has been provided full notice of the hearing.

Living Rivers has previously filed matters with the Board and previously been provided accommodation to obtain counsel in a matter before the Board. Living Rivers has since filed matters with the assistance of counsel including a matter now pending before the Board. Living Rivers is aware of the formal nature of the scheduled hearing, the rules of the Board, including the need for obtaining counsel and filing exhibits, and other expectations for hearings.

The Division believes that the injection well application is not unusual or particularly difficult to evaluate, and that there has been sufficient time for Living Rivers to determine the nature of its objections and to prepare for the December hearing. The filing of objections has resulted in the extension of time required for approval of the well and Westwater Farms has already been delayed in its plans beyond the expected date of approval had no objection been filed. Accordingly the Division is of the opinion that further delay to allow Living Rivers to evaluate the application and determine if it has objections is unnecessary and unwarranted.

Respectfully submitted this day of November, 2010.

Steven F. Alder (00033)

Assistant Utah Attorney General

for Utah Division of Oil, Gas and Mining

## **Certificate of Service**

The undersigned certifies that a true and correct copy of the foregoing Objection to Continuance was sent by email and by first class mail to the undersigned at the addresses indicated this \( \sum \) day of November, 2010.
